RE: QUICKSILVER ENTERTAINMENT

To Whom It May Concern,

We have recently had the pleasure of having the very talented and professional services of Quicksilver Entertainment entertain our customers during our November Gala. Their street magician, Acetrife, strolled throughout our store for the afternoon and performed for our patrons.

We were quite pleased by not only their professionalism in their promotional materials and the presentation of their act, but also by the entourage of assistants that accompanied Acetrife. Not only were they able to deftly ply their art of street magic, and thereby entertain customers waiting patiently in line-ups, but as well draw a crowd of spectators at the different venues that they traveled throughout the store.

We will definitely consider utilizing their services for future functions. We certainly would like to recommend their services for any private as well as corporate function to provide entertainment value to every age group.

Thank you once again to Acetrife, Eric and all the staff at Quicksilver entertainment.

Sincerely,

Kris Bortnick
