

To Whom It May Concern

12/15/10

We here at Sleep Country Canada had the pleasure of being entertained by Eric Fairlie of Quicksilver entertainment. Eric performed as our pre-dinner entertainment at our staff Christmas party this year.

His level of professionalism was maintained throughout the course of the evening. All though we had only paid for an hour of his services, he stayed well past his allotted time to ensure that as many people as possible had the chance to see him and his tricks. His positive attitude and hard work was noticed by all in attendance.

We strongly recommend Eric's services, if you're attending an event that requires entertainment. We know that we will.

Thanking you
